

PSTI Statement of Compliance

This compliance statement is intended to provide transparency regarding Milesight's security practices in line with the requirements outlined in Schedule 4 of the Product Security and Telecommunications Infrastructure (Security Requirements for Relevant Connectable Products) Regulations 2023, under the Product Security and Telecommunications Infrastructure (PSTI) Act of the UK government.

Product Type: Milesight products covered under this statement include AI Network Cameras, AI Network Video Recorders, Video Management Software (Milesight VMS).

Manufacturer: Milesight, Building Co9, Software Park Phase III, Xiamen, Fujian 361008, China

Compliance: According to the manufacturer's evaluation, the above-mentioned products meet the compliance requirements specified in Schedule 2 of the Product Security and Telecommunications Infrastructure (Security Requirements for Relevant Connectable Products) Regulations 2023.

Milesight aligns with the guidelines set forth in ETSI EN 303 645 v2.1.1 (2020-06).

Reference	Support	Detail
Provision 5.1-1	Y	Milesight devices mandate password creation upon initial setup, with credentials set by the user. Passwords are required to be a minimum of 8 characters and a maximum of 64 characters (64 characters are supported in the new version). Additionally, all passwords must contain a combination of both letters and numbers to ensure stronger security.
Provision 5.1-2	N/A	Milesight products are shipped without default or pre-configured passwords.
Provision 5.2-1	Y	Milesight offers comprehensive cybersecurity information, updates, and policies on website.
Provision 5.3-13	Y	Security updates will be made available for a minimum period of three years after product release.
